this volume focuses on the interaction between consultant and client explaining how to achieve the healthy helping relationship so essential to effective consultation

humboldt revisited offers a fresh perspective on the contemporary discourse surrounding reform of european universities arguing that contemporary reform derives its basis from pre constructed truths about the so called humboldt university this monograph

traces the historical descent of these truths to the american reception of humboldt s ideas from the mid 19th century up until the 1960s drawing from a rich selection of historical sources this volume offers an alternative to conventional explanations of the forces behind the ongoing reform of european universities it also challenges the conventional historical narrative on the humboldt university providing new insight into the american reception of the german ideas
